

# Virtual Workspace Quick Start Package

At Kerv, we offer virtual workspace services that equip your staff to work securely from anywhere, on any device. Our managed platforms are powered by Microsoft Azure and Citrix Cloud technologies, allowing you to reduce your infrastructure dependencies and deliver a modern workplace with the flexibility and agility your business needs.

As both a Microsoft and Citrix Specialist Partner, we're well equipped to help your business offer more flexible working options to your user base that doesn't compromise on the experience.

## Why Virtual Workspace?

### Access

Access anytime, anywhere, on any device

### Secure

Enhance security and mitigate risk

### Centralised

Centralise access for data, desktops, and apps

### Ease

Adopt a single login experience

### Efficient

Reduce cost with a predictable OPEX model

### Hybrid

Provide a consistent user experience - whether working from home or the office

## Package Options

### Advisory

We will work with you to formulate a strategy, providing and presenting a business case that gives you valuable advice on how you can begin your virtual workspace journey, and what it may cost to implement.

### Delivery

Ready to adopt a virtual workspace but not sure where to start? On top of the advisory service, we have the skills and expertise in-house to design, build and manage your future virtual workspace environment.

## Kerv Methodology

How we work with you

### Advisory

#### Discover

Workshops to capture your existing setup, future requirements, and any success criteria

#### Demonstrate

See first-hand the powerful modern workplace technologies from Microsoft and Citrix

#### Recommend

Receive an in-depth business case based off the information gathered in the discovery phase

#### Design

If you like what you see, our team will design an environment suited to your organisation

### Delivery

#### Build

All happy? As well as building, our team are on hand to assist with any adoption and training

#### Manage

Taking advantage of Kerv's Managed Services, we can manage your virtual environment, freeing your time to do what you do best
